

Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Thursday 10 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Light rain and drizzle, especially in the north.

This Evening and Tonight:

Cloud develops into the night, with further rain and drizzle in the north of the region, but staying dry elsewhere. Some fog moving in towards the coasts. A mild night. Minimum temperature 11 deg C (52 deg F).

Friday:

Continuing to stay cloudy into Friday, with light rain and drizzle throughout the morning. Drier into the afternoon, with some sunny periods beginning to form.

Maximum temperature 20 deg C (68 deg F).

Outlook for Saturday to Monday:

Dry and turning hotter this weekend. Some cloud in the west Saturday, but with sunshine throughout the region on Sunday. Monday then sees cloud return and temperatures dropping to average.
